The Gift For MOTHER or FATHER

Let's get mother or father some thing handsome and serviceable this year. Nothing is too good for them, nothing is half good enough; so let's make this gift the banner one.

A beautiful pair of Gold Spec tacles in a magnificent silver case. It is the proper gift for them. The longer they are with us the more valuable their eyesight becomes and it is your duty to preserve it for them.

Make your selection now and after the holidays I will fit the correct lenses without charge, and you can take advantage of the 25 per cent reduction hat I am still offering.

I can be seen all this week at my office.

ANNOUNCEMENT

We take this method of announcing to our friends and customers that on January 1st, 1915, we will begin a STRICTLY CASH business.

We are adopting this plan after much thought and deliberation and doing so for the reason that practically everything sold in our line is bought on the same basis, and it is absolutely necessary for us to sell for CASH in order to buy and pay CASH.

When we buy for CASH, we buy for LESS, when we sell for CASH, we sell for LESS.

In making this our business rule, we expect to stick strictly to it and will not in any instance make an exception, so we hope all our customers will appreciate our position and help us to carry out our plans.

We wish to assure all our old customers of our appreciation of the business you have given us in the past, and we will in the future endeavor to merit a continuance.
